

Quality Policy

Our vision is to maintain and improve the company position as a reputable supplier of fans and heating products to the market sector that we supply and also to the sheet metal fabrication sector. The company is aware of the importance of its customers and by fully understanding needs and expectations plans to exceed those requirements wherever possible. Consorts products are manufactured to the latest applicable International Safety Standard (EN60.335.1) and conform to all applicable European Directives, and are 'CE' marked accordingly.

The company is registered to BS EN ISO 9001 and our quality management system conforms to this standard.

Business will be conducted in an ethical and professional manner, satisfying applicable statutory and regulatory requirements.

Senior management are totally committed to the quality system and ensure that the resources needed for the quality management system are available and the system processes achieve their planned results.

A policy for continual improvement is in place and quality objectives are set throughout the business, as relevant, and these together with the quality policy are reviewed at least quarterly at the management review meeting.

As part of our continual improvement philosophy working partnerships have been developed with major suppliers.
